

MYSTICAL HEX

Themed Gondola

Discover the flexible routing options that make the Mystical Hex the perfect upgrade for any amusement attraction. The Mystical Hex offers flexible design and installation features that allow it to be utilized in almost any location, including flat or sloped terrain and even over the top of existing attractions!

With a required area of 50 x 70 m the Mystical Hex offers amazing entertainment value of its size.

The Mystical Hex offers several amazing seating options that compliment any attraction. The Themed Gondola, the Classic Gondola and the Twin Seater seating styles each offer unique advantages that can be used to give your attraction the special look and feel you want.

No matter which you choose, your customers are sure to enjoy the thrilling gravity propelled descent and will have just enough time to catch their breath as the haul cable accelerates them back up for another round of fun. Sit back, relax and enjoy the wind in your hair as the Mystical Hex propels you around at speed up to 25 km/h.
